MEMO

DATE:	February 26, 2026
TO:	Town of Troy Plan Commission
FROM:	Robert Jones
REGARDING:	Final Plat – Glen Oaks – PID 040-1159-80-200

1. BACKGROUND INFORMATION

Terrain Inventory, LLC received contingent Preliminary Plat approval for the Glen Oaks subdivision (9 residential lots and 2 outlots) following Plan Commission recommendation and Town Board action in February 2026.

The approximately 33.56-acre parcel is zoned Agricultural-Residential (AG-RES) and is located at the terminus of Glen Circle. The subdivision proposes a new public Town road, Glen Oaks Drive, extending approximately 880 feet to the north from Glen Circle and creates nine (9) residential lots.

Key milestones in the approval process include:

1. **September 4, 2025 – Concept Review:** Plan Commission discussion regarding cul-de-sac length, stormwater ownership, roadway slopes, and access.
2. **January 8, 2026 – Plan Commission Preliminary Plat Review:** tabled for further development.
3. **January 28, 2026 – Final Plat Application:** to be considered by the Plan Commission in March
4. **February 5, 2026 – Plan Commission Preliminary Plat Review:** recommended approval of the Preliminary Plat subject to conditions.
5. **February 19, 2026 – Town Board Preliminary Plat Review:** approval contingent upon final engineering approval, Developer's Agreement execution, financial surety, and finalization of HOA and stormwater maintenance documents.

2. PROPOSAL

The Final Plat, file dated February 25, 2026, for Glen Oaks proposes:

1. Creation of Lots 1-9.
2. Dedication of public right-of-way for Glen Oaks Drive
3. Dedication of public right-of-way over the existing road easement for the future extension of Glen Circle.

4. Creation of Outlot 1 (stormwater management facility) to be owned proportionally (1/9 interest) by Lots 1–9 and governed by a recorded Maintenance and Monitoring Agreement.
5. Creation of Outlot 2 to provide access to the adjacent existing residential parcel (241A Glen Circle).

The Final Plat is limited to the lands included in the approved Preliminary Plat and does not expand the scope of development beyond that approval. **Pursuant to §135-5.B and Wis. Stat. §236.11(1)(b), a final plat is entitled to approval if it conforms substantially to the approved preliminary plat.**

3. ASSOCIATED DOCUMENTS STATUS

The following documents are required as a part of Final Plat approval. The status is of each itemized below:

1. **Executed Developer's Agreement –** signed by Developer February 24, 2026
2. **Approved construction cost estimate –** January 26, 2026
3. **Posted financial surety (120% performance bond or Letter of Credit) –** revised to address staff comments, draft received on February 24, 2026
4. **Executed and recordable Stormwater Maintenance Agreement –** revised according to staff comments, signed by Developer February 24, 2026
5. **HOA Declarations and Bylaws –** attached to Developer's Agreement February 24, 2026
6. **Evidence of required County and WDNR permits –** required by Town Board prior to construction
7. **Utility approvals (including transmission easement crossing) –** required by Town Board prior to construction
8. **Town Engineer's approval of Final engineering plans, stormwater management documents, and erosion control measures –** required by Town Board prior to construction

4. STAFF REVIEW COMMENTS

Staff find that:

1. The Final Plat substantially conforms to the approved Preliminary Plat (comparison document attached).
2. All lots meet AG-RES lot area requirements.
3. Roadway design and public right-of-way dedication are consistent with approved engineering plans.
4. Stormwater facilities and long-term maintenance mechanisms have been revised to address the Plan Commission concerns.
5. Required legal instruments (Developer's Agreement, HOA documents, Maintenance Agreement, financial surety) are either finalized or in final review and must be executed prior to Town Board action.
6. The Final Plat document appears to meet the technical requirements of Chapter 135 and Wis. Stat. Chapter 236.

5. DRAFT MOTIONS FOR PLAN COMMISSION CONSIDERATION

Possible Motion to Recommend Approval of Final Plat

I move that the Plan Commission recommend Town Board approval of the Final Plat for Glen Oaks, PID 040-1159-80-200, having found that the Final Plat substantially conforms to the approved Preliminary Plat and complies with Chapter 135 of the Town Code, subject to the following conditions:

1. The Developer's Agreement, financial surety, HOA documents, and Stormwater Maintenance Agreement shall be approved by Town staff and the Town Attorney and executed prior to Town Board certification.
2. The applicant shall provide copies of all required permits and approvals from St. Croix County, Wisconsin DNR, and all easement rights holders prior to construction.
3. Final engineering plans, stormwater management documents, and erosion control measures shall receive written approval from the Town Engineer prior to commencement of construction.
4. The Town Chairperson is authorized to certify Town approval on the plat document following verification that all conditions are satisfied.
5. The Town Clerk-Treasurer is authorized sign the certificate regarding taxes or special assessments.
6. The applicant shall provide a true and complete copy of the recorded Final Plat to the Town within 15 days of recording.

Possible Motion to Table

I move that the Plan Commission table consideration of the Glen Oaks Final Plat to allow additional time for completion or execution of required legal and engineering documents prior to forwarding a recommendation to the Town Board.
